Installation Safety Instructions

Caution: This mount is intended for use only with the maximum weights indicated. Use with equipment heavier than the maximum indicated may result in instability causing possible injury.

Do not attempt to install this product until all instructions and warnings have been read and properly understood. *Please keep these instructions for future reference.*

Please check carefully to make sure there are no missing or defective parts - defective parts must never be used. B-Tech AV Mounts, its distributors and dealers are not liable or responsible for damage or injury caused by improper installation, improper use or failure to observe these safety instructions. In such cases, all guarantees will expire.

General

B-Tech AV Mounts recommends that a professional AV installer or other suitably qualified person install this product. Great care must always be taken during installation as most AV equipment is of a fragile nature, possibly heavy and easily damaged if dropped. If you do not fully understand the instructions or are not sure how to install this product safely, then please consult a professional for advice and/or to install this product for you. Failure to mount this product correctly may cause serious injury or death both during installation and at any time thereafter. Do not mount any AV equipment that exceeds the specific weight limit of the product you are installing. This weight limit will be clearly stated on each product and its packaging and will vary from product to product.

Product location

Please pay careful attention to where this product is located, some locations are not suitable for installation. For indoor use only. Install stand on level ground. When verifying the stability of the structure, consider the following external factors: The strength of the floor, exposure to sudden and severe wind and danger arising from contact with people and / or objects (e.g. installations in passageways, emergency exits), if located in a public or frequently populated area ensure that the product is out of the immediate reach of people.

Fixing hardware

It is highly recommended that all fixing screws be used where supplied and that the purpose of all other fixing hardware is fully understood. In some cases more AV equipment fixing hardware will be supplied to accommodate different models of equipment and set up configurations. The installer must be satisfied that any supplied fixing hardware is suitable for each specific installation. The fixing kit supplied with the product may not be suitable. If any fixing screws or included hardware are deemed not sufficient for a safe installation then please consult a professional or your local hardware store.

Hazard limitation

When routing cables take advantage of any built in cable management features that the product might provide and ensure that all cables are tidy and secure. Check to see that any moving aspect of the product can do so unhindered by any cabling. Some products have moving parts and the potential to cause injury through the crushing or trapping of fingers or other body parts. Particular attention to the nature of moving parts is required especially when assembling installing and adjusting during set up. Immediately after installation double-check that the work done is safe and secure. Double-check all necessary fixings are present and are of ample tightness. It is recommended that periodic inspections of the product and its fixing points are made as frequently as possible (no more than 6 months apart) to ensure that safety is maintained. If in doubt consult a professional AV installer or other suitably qualified person.

CN B-Tech AV Mounts 建议本产品由专业AV安装人员或其他合格人员安装。 B-Tech AV Mounts 及它的代理商、经销商不对由于不恰当的安装而造成的损失或伤害负责。 本产品必须安装在合适的架构上，并仅用于不超过所标示的最大承重。

CS Společnost B-Tech AV Mounts doporučuje provést instalaci tohoto produktu instalátora AV či jinak způsobilé osoby. Společnost B-Tech AV Mounts, její distributoři a prodejci nenesou prostřednictvím odborného odpov ědnost za škody nebo zranění zp ůsobená nevhodnou instalací. Tento výrobek je nutno umístit do vhodné konstrukce a používat jen po uvedenou maximální výšku.

DE B-Tech AV Mounts empfiehlt, dass dieses Produkt durch einen qualifizierten AV-Techniker oder eine andere Person mit geeigneter Qualifikation installiert wird. B-Tech AV Mounts, ihre Distributoren und Händler können nicht für durch fehlerhafte Montage verursachte Beschädigung oder Verletzung haftbar bzw. verantwortlich gemacht werden. Dieses Produkt muss auf einem geeigneten Untergrund montiert werden und darf nur bis zum angegebenen Höchstgewicht verwendet werden.

EN B-Tech AV Mounts recommends that this product be installed by a qualified AV technician or other suitably qualified person. B-Tech AV Mounts, its distributors and dealers are not liable or responsible for damage or injury caused by improper installation, improper use or failure to observe these safety instructions. In such cases, all guarantees will expire. This product must be mounted on a suitable surface and may only be used up to the specified maximum weight.

ES B-Tech AV Mounts recomienda que un instalador de audio y video profesional u otra persona debidamente cualificada instalen este producto. B-Tech AV Mounts, sus distribuidores y concesionarios no se hacen cargo ni se responsabilizan de ningún daño o lesión provocados por una instalación inapropiada. Este producto se debe montar en una estructura adecuada y se debe utilizar soportando solamente hasta el peso máximo indicado.

FR B-Tech AV Mounts recommande de confier l'installation de ce produit à un installateur AV professionnel ou à une autrepersonne dûment qualifiée. B-Tech AV Mounts, ses distributeurs et ses revendeurs ne sauraient être tenus responsables de tout dégât ou de toute blessure résultant d'une installation incorrecte. Ce produit doit être monté sur un support approprié et utilisé dans la limite du poids maximum indiqué.

IT B-Tech AV Mounts consiglia di affidare l'installazione di questo prodotto a un installatore specializzato o ad altra personaadeguatamente qualificata. B-Tech AV Mounts, i suoi distributori e rivenditori non accettano alcuna responsabilità nei riguardi di eventuali danni o infortuni causati da un'errata installazione. M	M6 Washer	8

Installation Instructions

1. Assemble Stand

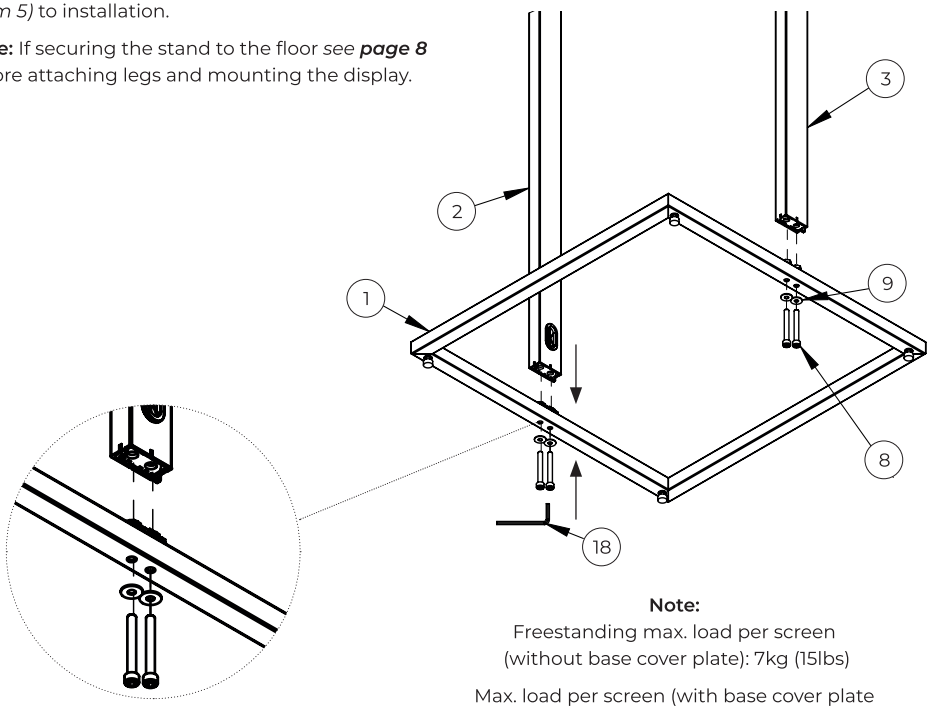

Screw 4x *item 7* into to bottom of *item 1.*

ii. Attach *items 2 & 3* to *item 1* using *items 9 & 12*
Do not fully tighten *(leave fixings finger tight).*

Note: *See next page* If adding Base Cover Plate *(item 5)* to installation.

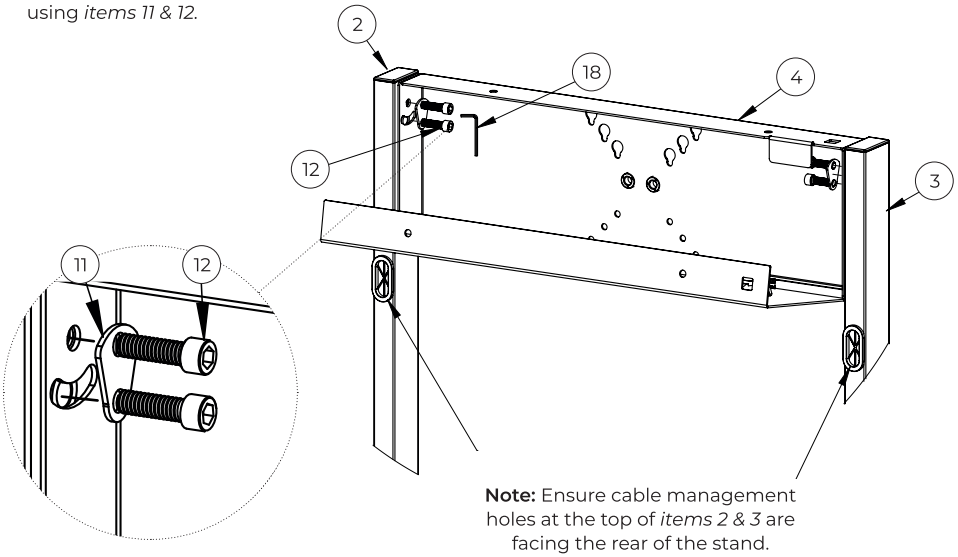

Note: If securing the stand to the floor *see* ***page 8*** before attaching legs and mounting the display.

Note:
Freestanding max. load per screen (without base cover plate): 7kg (15lbs)

Max. load per screen (with base cover plate or bolted to floor): 10kg (22lbs)

iii. Attach *item 4* to *items 2 & 3*, using *items 11 & 12*.

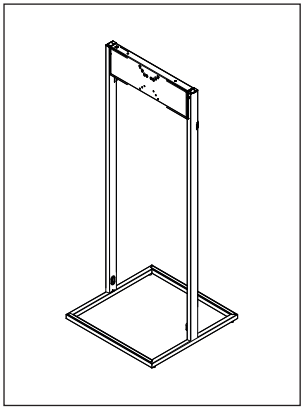

Note: Ensure cable management holes at the top of *items 2 & 3* are facing the rear of the stand.

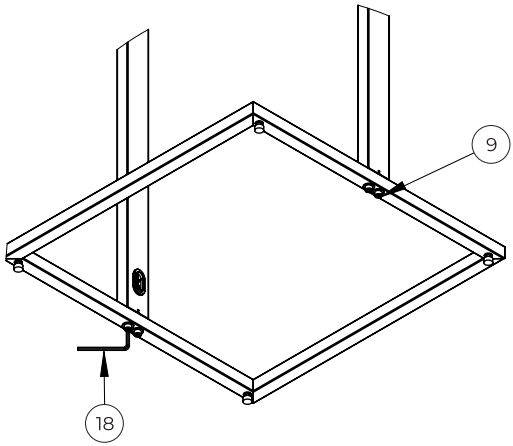

---

iv. Fully tighten *item 9*.

Note: Ensure the legs are firmly fixed to base.

Freestanding assembly (without base cover) - ***See next page*** for a fixed to the floor installation.

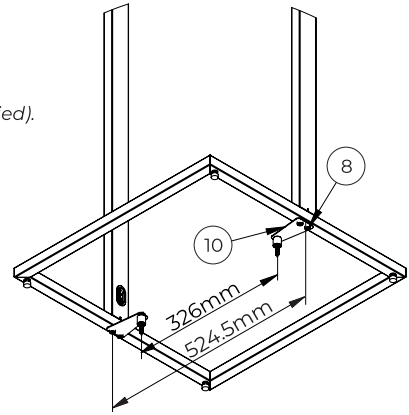

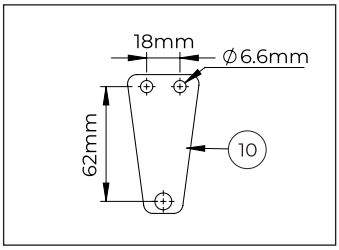

Optional **Bolt Stand To The Floor**

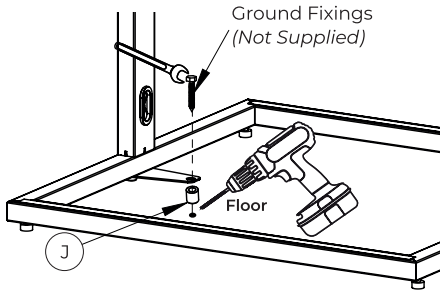

i. Connect *item 10* to the bottom of *item 1* using *item 8*.

ii. Bolt stand to floor using suitable floor fixings *(not supplied)*.

Note: Use 15mm Spacers *(item J)* to help cover any exposed fixing screws between the base and the floor.

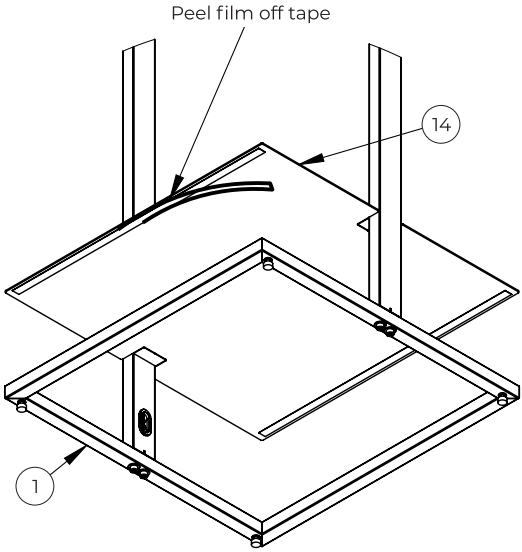

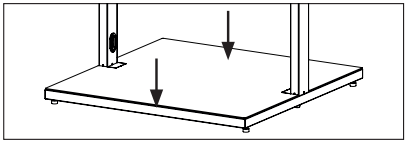

Optional **Add Base Cover**

On the underside of *item 14* remove the film off the double sided tape and stick on to the top of *item 1*.

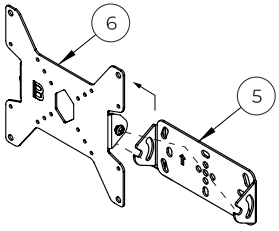

Note: Press firmly over taped areas on *item 14* for the cover to firmly grip to the base.

See ***page 11*** for cable management preperation

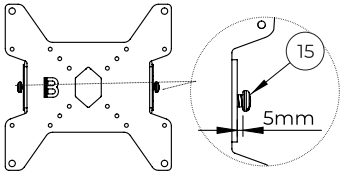

2. Fix Mounting Plates Onto Stand

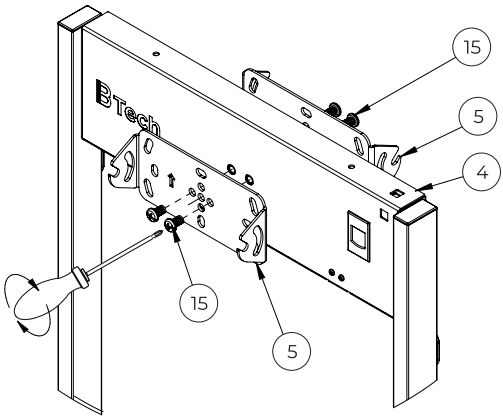

i. Attach *item 5* onto both sides of *item 4* using *item 15*.

Note: Remove *item 6* from *item 5* before assembly

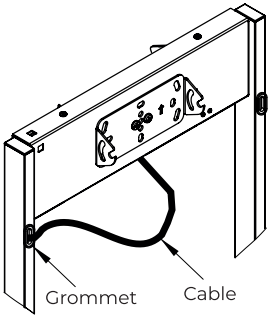

Note: Leave *item 15* with a 5mm gap on either side of *item 6*.

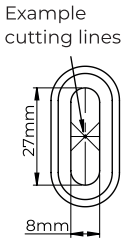

ii. Secure the storage compartment on *item 4* using *item 13*.

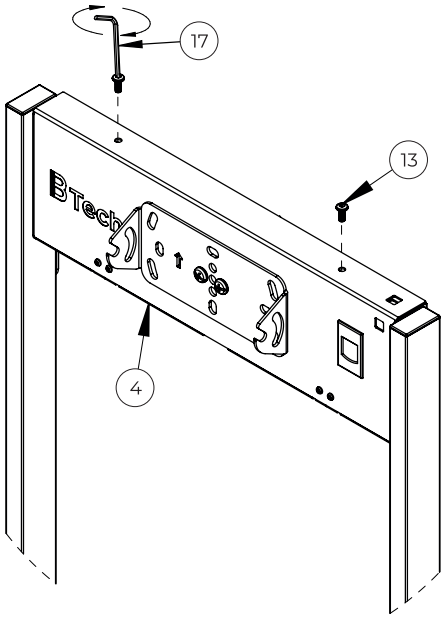

Note: If cabling is required through *item 4*, ensure this is completed before mounting the screens.

Cut grommet to route cables through the leg

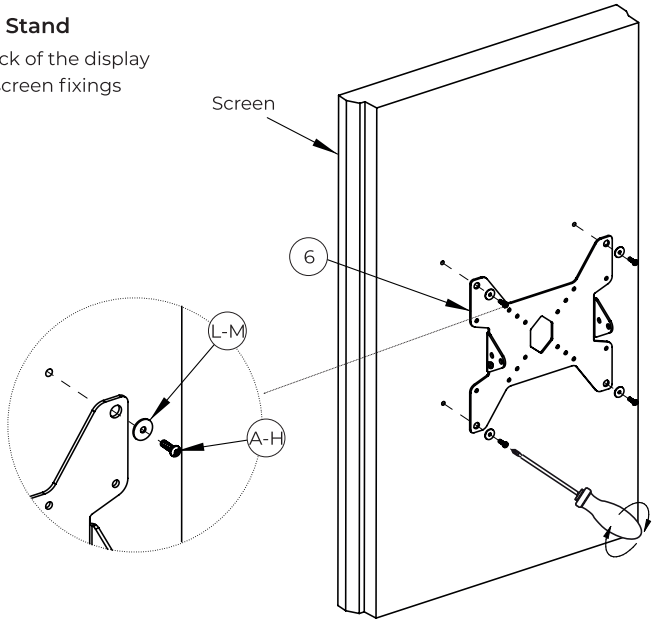

3. Mount Displays Onto Stand

i. Attach *item 6* to the back of the display using the appropriate screen fixings *(items A-M).*

Repeat for both screens.

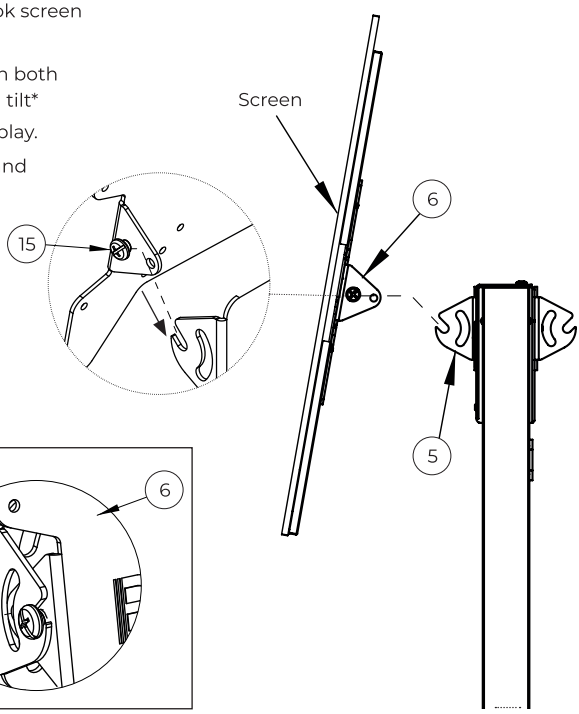

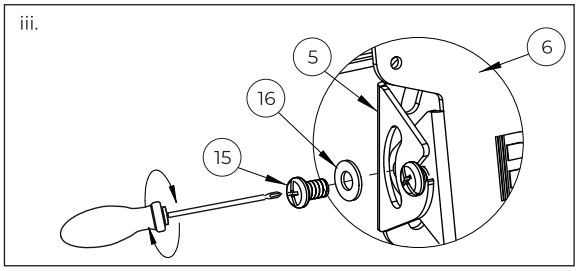

ii. Using *item 15* inserted into *item 6*, hook screen onto *item 5*.

iii. Add *items 15 & 16* into the rear holes on both sides of *items 5 & 6* and set the screen tilt*

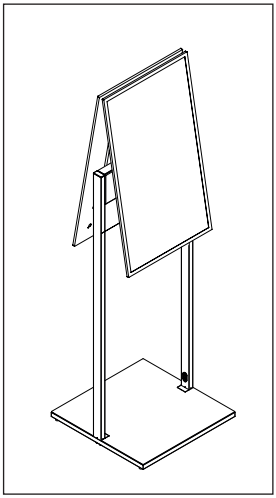

iv. Tighten all 4x *item 15* securing the display.

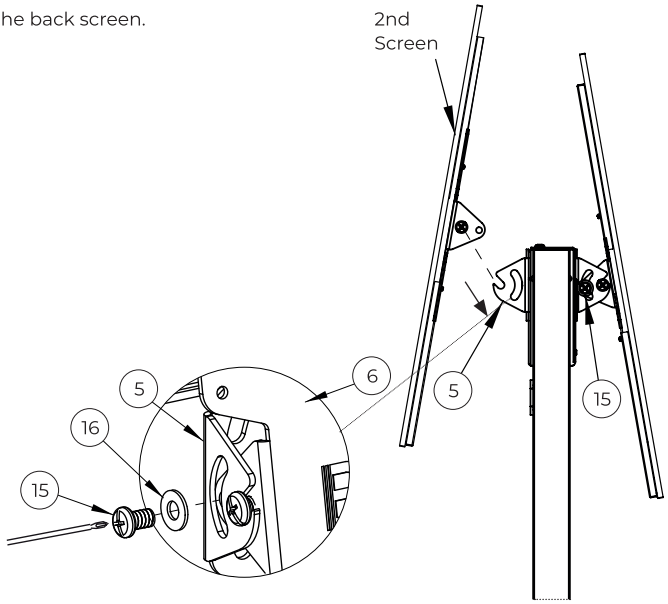

***Note:** Screen tilt limited by screen size and orientation.

iv. Repeat Steps for mounting the back screen.

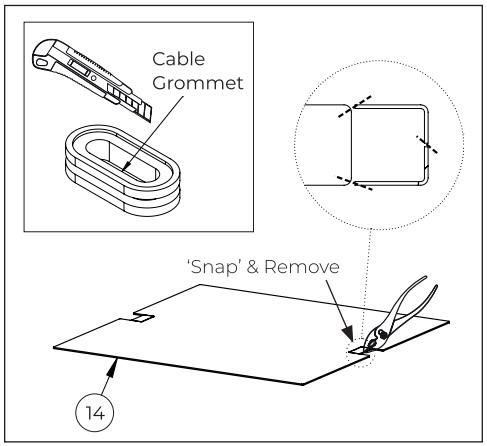

4. Optional **Cable Management**

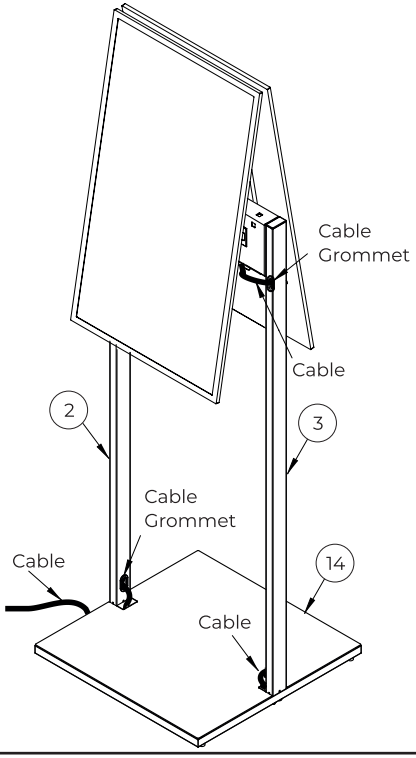

i. Route any cables through legs *(items 2 or 3)*.

Note: Cut through membrane of the cable management grommet with a knife.

ii. Use pliers on break-away section on *item 14* to allow cable management through the base cover.

Note: Deburr any sharp edges.

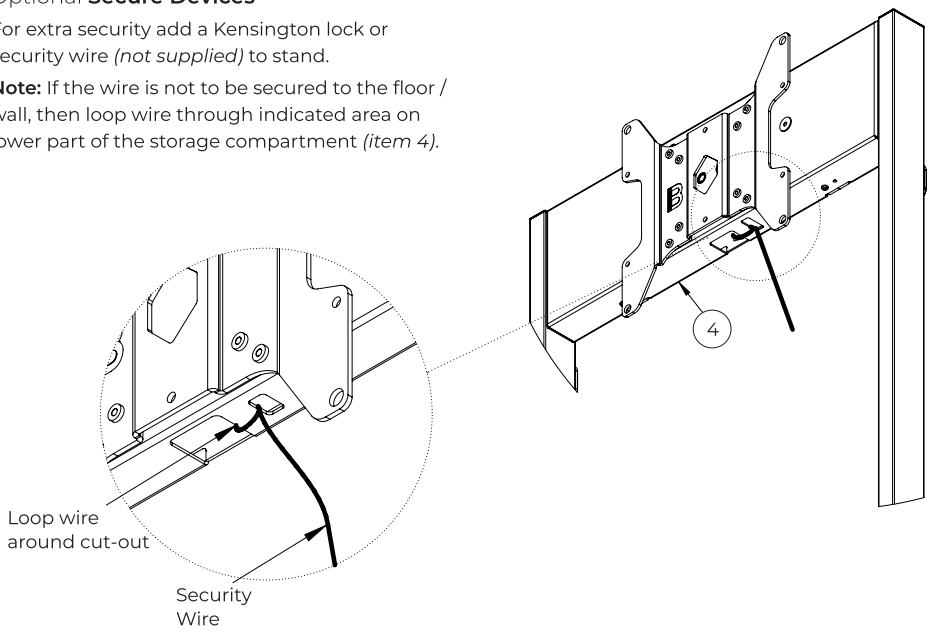

BTech
AV Mounts

Optional **Secure Devices**

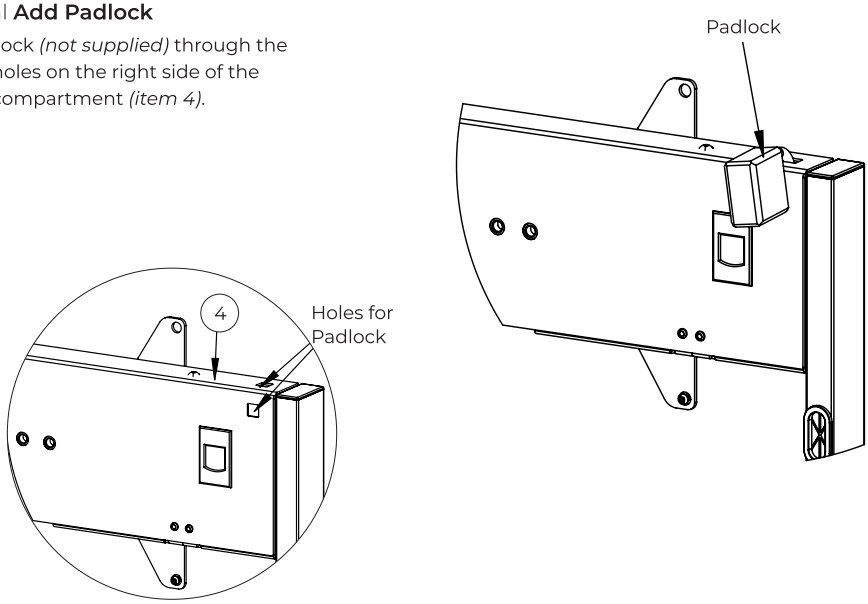

For extra security add a Kensington lock or security wire *(not supplied)* to stand.

Note: If the wire is not to be secured to the floor / wall, then loop wire through indicated area on lower part of the storage compartment *(item 4)*.

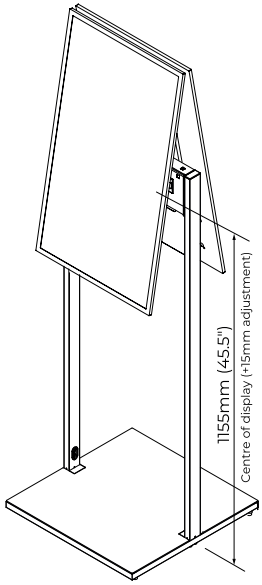

Optional **Add Padlock**

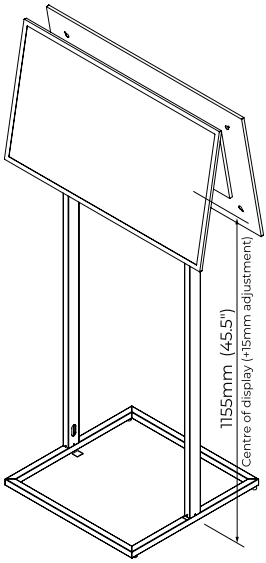

Add padlock *(not supplied)* through the aligned holes on the right side of the storage compartment *(item 4)*.

Typical Installations

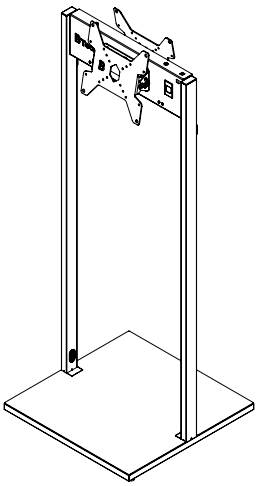

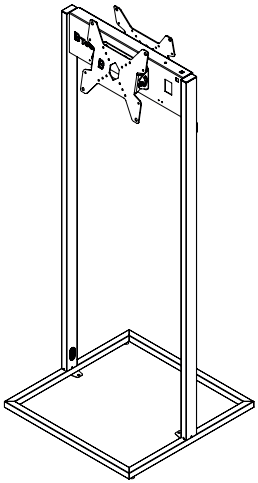

Back-To-Back Portrait Display

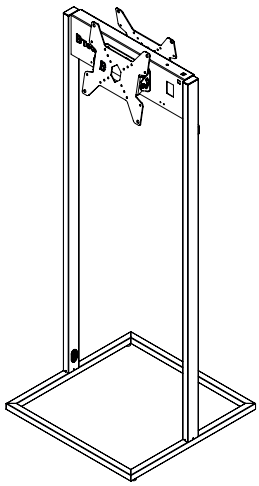

Back-To-Back Landscape Display

Note: Refer to screens manufacturers guide. Max. tilt limited by screen size.
Downward tilt not available when mounting display in a landscape orientation.

Note: Max. load per screen (with base or bolted to floor): 10kg (22lbs)

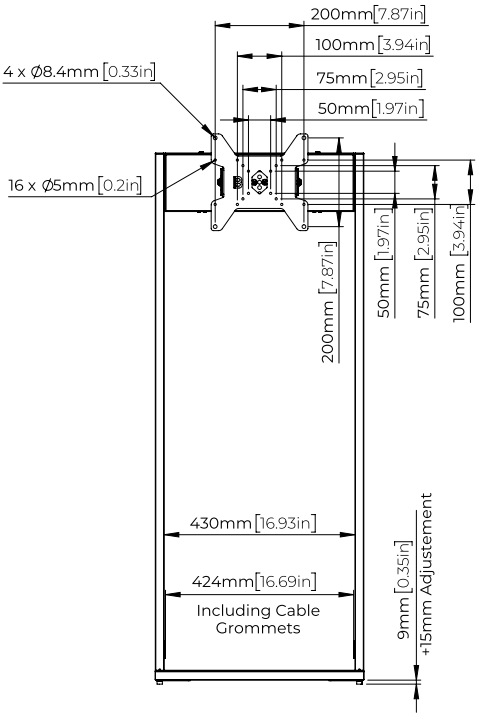

Freestanding max. load per screen (without base): 7kg (15lbs)
