

BT5961

CCTV CEILING MOUNT FOR LARGE DOME SECURITY CAMERAS

The BT5961 is a CCTV ceiling mount for large dome security cameras and is available with a 1 or 2 metre ceiling drop. Integrated cable management allows cables to run through the center of the pole and out through either the top or side of the ceiling mount, ensuring finished installations are neat and tidy. For longer drops, the pole length can be extended with a joiner (BT5924) and additional poles (BT5935) from the System V Range, whilst accessories such as a flat screen can be added with the use of a $\varnothing 2"$ accessory collar (BT5952) and compatible screen mount.

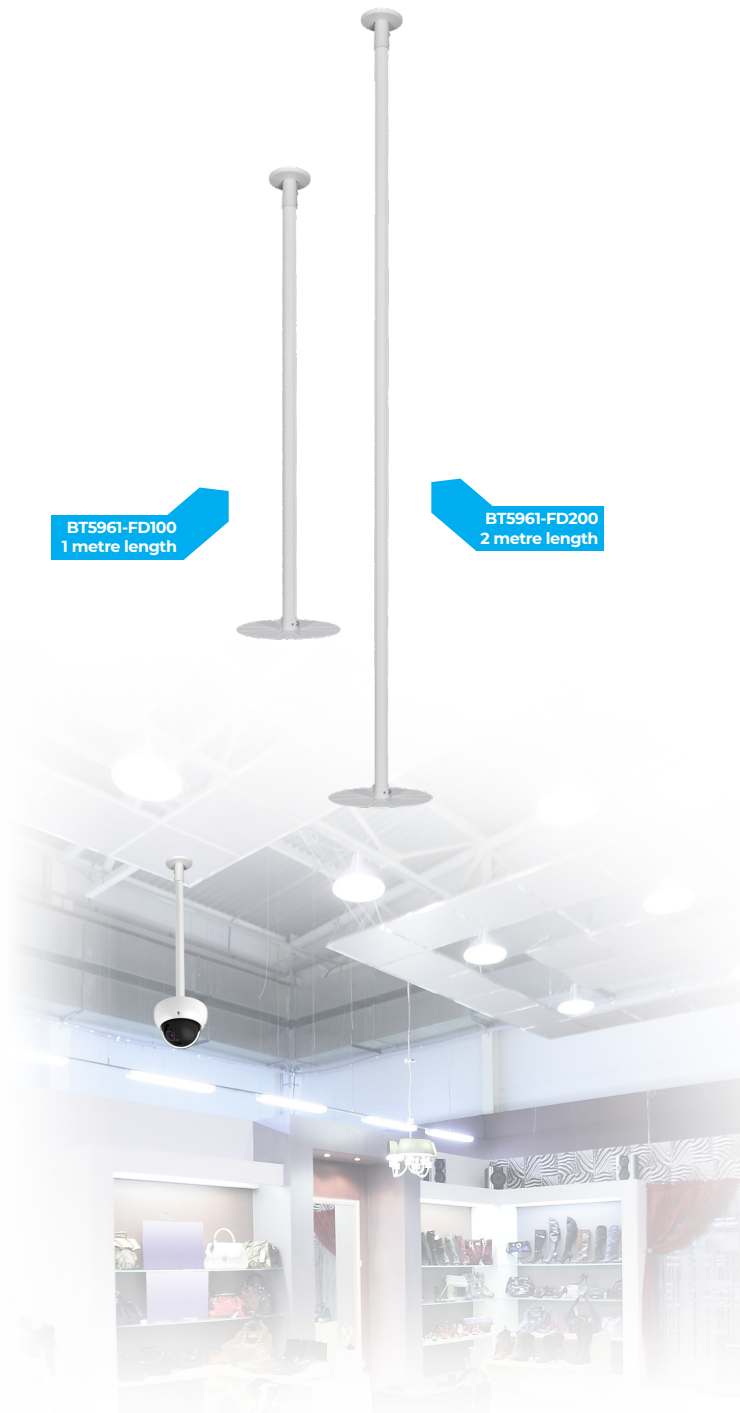

SPECIFICATIONS

Max load	11lbs
BT5961-FD100 drop length	40"
BT5961-FD200 drop length	80"
