

BT8343

CURVED VIDEOWALL CEILING MOUNT

Designed to mount videowalls in curved configurations, the BT8343 is a ceiling mounted system with a universal design suitable for all screens from 39" to 75". As part of B-Tech's dynamic System X range, this contemporary mounting solution is lightweight yet incredibly strong, has a high-end aesthetic quality and comes with integrated angle guides, cable management and a choice of interface arms.

SPECIFICATIONS

Recommended screen size	from 39" up to 75"
Max load	110lbs per screen
Angle adjustment range	up to +/-45° (between screens)
VESA® & non-VESA fixings	up to 900*
Pole length	0.02" up to 0.12" (can be cut to length)
Color (poles & ceiling mount)	Black

FEATURES

- 1** Angle up to +/-45° to create a concave or convex curved videowall
 - 2** Choose from fixed or micro-adjustment interface arms
 - 3** Integrated cable management to hide unsightly cables
 - 4** Ceiling drop Ø2" poles are available up to 3m in length
- Configurable mounting solution available to order to your requirements
 - Suitable for landscape or portrait mounting
 - Easy to use adjustable adapter creates an angled joint between screens
 - Integrated angle guides eliminate the need to measure required angles
 - Integrated rail mounting guides ensure the join position is consistent throughout the installation without the need to measure
 - Tool-less micro-adjustments for seamless display alignment
 - All arms feature levelling screws to adjust the screen height
 - Safety screws prevent unauthorised screen removal
 - Configurations available to convert to a floor-to-ceiling installation
 - TÜV certified
