

BT8390-AAC

SYSTEM X™ ANGLE ADJUSTMENT CONNECTOR

The BT8390-AAC is a connector that allows System X mounting rails to be joined together with an adjustable angle from -45° to +45°. This enables a solid, stable installation of curved multi-screen displays such as videowalls and menu boards and facilitates an installation process which is both quick and simple, aided by integrated angle guides.

SPECIFICATIONS

Angle adjustment range	+ / - 45°
Colour	Black

FEATURES

- 1 Integrated angle guides eliminate the need to measure required angles
 - 2 Integrated rail mounting guides ensure the join position is consistent throughout the installation without the need to measure
 - 3 Angle up to + / - 45° to create a concave or convex curve
 - 4 Ideal curved videowalls and menu boards floor stands and ceiling mounts
- Fixes between two BT8390 rails to provide an angled joint - ideal for installations that require a curve
 - All fixings included
 - TÜV certified
