

BT8508

SYSTEM X™ TOUCHSCREEN TROLLEY FOR 84" MICROSOFT® SURFACE HUB™

The BT8508 is a mobile solution ideal to mount Microsoft's 84" Surface Hub and other extra-large interactive displays over 72". Capable of supporting heavy loads, the trolley has a solid rigidity which means mounted touchscreens do not move or flex whilst in use. Levelling screws allow easy height alignment of the screen once mounted and integrated cable management keeps finished installations neat and tidy. Non-marking 4" braked castors allow the trolley to be re-located easily and safely without marking or scuffing floor surfaces.

SPECIFICATIONS

Recommended screen size	72" - 120"
Recommended surface hub size	84"
Max load	200kg
VESA® and non-VESA fixings	up to 1400 x 800
