

INTERACTIVE TOUCH SCREEN TROLLEY

Part of **B-Tech's Momentum Range**, the **BT8545 Momentum Edge** is a modern, durable, and easy-to-use flat screen trolley designed to support displays and interactive touchscreens from 55" to 86". The trolley's braked castors provide smooth, safe mobility, while the sturdy design ensures stable use, preventing unintended movement when using the touchscreen. Capable of holding displays up to 100kg with multiple screen mounting heights available, the BT8545 has versatile display options including an AV equipment shelf, which can also serve as a sleek blanking panel. This versatile solution is ideal for both installers and end users, delivering flexibility and performance across a range of applications.

SPECIFICATIONS
