

## BTXPS27-M4X4

### Universal 27" dvLED Mobile Stand

This product is made from the following materials:

Aluminium	68.6%
Steel	30.1%
Polyvinylchloride	0.6%
Stainless steel	0.4%
Acrylonitrile Butadiene Styrene	0.3%
Rest	0.01%

B-Tech AV Mounts is dedicated to making sustainable product choices that prioritise recyclability. We are committed to investing in a circular economy, where sustainability is central to every aspect of our operations. Embracing a sustainable approach is crucial in our efforts to combat global climate change.

#### Environmental footprint

Greenhouse gasses emitted into the environment during production of a product contribute directly to our planet's global warming. Using LCA software we are able to calculate the (potential) environmental footprint, measured in kilograms CO<sub>2</sub>-equivalent. This enables us to evaluate a product's footprint and support the design of sustainable products. By recycling our products the impact on the environment can be reduced as the recycled material replace the need to produce virgin materials.
